

Greetings,

It does not feel right to say 'welcome back from the Easter Break' in our current state, but welcome back nonetheless. We sincerely hope you are all doing well. Teachers are working at providing supplemental learning and staying in contact with families. This is new for us all and we are working to figure it out as we go along. I encourage you to stay in contact with your teacher(s). If you are feeling overwhelmed with the amount of work coming home or the reverse and would like more resources please communicate that with your teacher. As a school, we are here to support our students and families. Please reach out to us with any questions. The staff at Canwood miss being at the school and being with the students and look forward to when we can be together again.

We are going ahead with Parent Teacher Interviews as scheduled for this Thursday, April 23rd 3:30-8:30 p.m.. Teachers are currently reaching out to their homerooms, inviting parents to book an interview. If you would like to speak with other teachers or administrators please contact those you would like to talk with. I can be reached at blinn@srsd119.ca

Safety Note:

With the warming weather, youth will be heading outside playing in puddles and larger ponds of melting snow. Please remind the youth you are in contact with to be safe around water and any ice will be thin and unpredictable. Cold melt water can bring on hypothermia fast, even on these warm sunny days. For all the farmers getting ready to hit the fields stay safe out there and we wish you all the best.

Take Care,

Brian Linn
