

May 7, 2020

Good Morning,

Late yesterday afternoon it was announced by the ministry of education that students will not be returning to school this school year. Although it is nice to have a definitive answer to this question it is disappointing that we will not be able to return to school for quite some time. Supplemental learning will continue to be provided through to the end of June.

The other piece of news from the ministry's Covid response planning team was regarding graduation ceremonies. Schools have been instructed to not hold any ceremonies that include a face to face component. This means we are looking at various ways to recognize the graduates which do not include physical gatherings. This work is already underway and we will do our best to give the grads the recognition they deserve.

Take Care & Stay Safe
